

4 December 2023; News; BASSETTERRE, SAINT KITTS, November 29, 2023 (Press Secretary): The Government of Saint Kitts and Nevis and the St. Kitts Electricity Company Ltd (SKELEC) have executed an Amended Power Purchase Agreement (PPA) with project developer SOLEC Power Ltd for the largest solar PV and battery energy storage project in the Caribbean.

Basseterre, St. Kitts, March 20, 2024 (SKNIS): As the Government of St. Kitts and Nevis continues to promote its Sustainable Island State Agenda, entities within the private sector are now buying into the innovative movement. One such example of this was the activation of the Sustainable Energy Storage System at the Sunset Reef Resort on March 19.

Basseterre, St. Kitts, June 16, 2022 (SKNIS): The Federation of St. Kitts and Nevis sets a best practice model as it will lead the way in renewable energy in the Caribbean with the construction of the largest Solar Farm and Battery Storage Facility.

Government of St. Kitts and Nevis. Phone: 1 (869)-467-1466 Email: energyunit@gov.kn Home; About Us. Minister's Message ... As the Minister responsible for energy, I would like to reiterate my commitment to ensuring that the citizens of the Federation have access to clean, secure, and affordable energy. ... St. Kitts Tel: 1 (869) 467 - 1449 ...

On successful completion of this fully integrated solar photovoltaic system and a lithium-ion battery energy storage system (BESS), the facility will supply Saint Kitts with 30% ...

Basseterre, St. Kitts, October 06, 2022 (SKNIS): Energy Officer in the St. Kitts Energy Unit, Denasio Frank stressed that geothermal energy in the Federation has the potential to provide full energy coverage. Mr. Frank explained this during a recent interview. "In early surface studies, we have found 18 to 36 megawatts of potential energy in St. Kitts in the North ...

Swiss battery maker Leclanche SA (SWX:LECN) and its Saint Kitts and Nevis government partners last week launched construction of a solar-plus-storage project in the Caribbean island nation.

St Kitts Electricity Company Ltd (SKELEC) amended the power purchase agreement for a solar energy project in the Caribbean. The project will provide St Kitts with 35.7 MW of solar power and 43.6 MWh of battery storage to provide clean, renewable and reliable energy for 25 years.

by Kevon Browne St. Kitts and Nevis (WINN)--The Government of St. Kitts and Nevis is progressing with efforts to address climate change and improve energy efficiency. From September 23 to 25, 2024, the Ministry of Sustainable Development, Environment, Climate Action, and Constituency Empowerment held a three-day

workshop supported by the Initiative ...

Another thing the projects on the two island territories have in common is that they will enable 30% or more of the energy consumed on both the US Virgin Islands, with a population of around 80,000 people, and St Kitts & Nevis, with a population of around 47,000, to come from renewable energy sources.

On successful completion of this fully integrated solar photovoltaic system and a lithium-ion battery energy storage system (BESS), the facility will supply Saint Kitts with 30% to 35% of consumers' annual electricity demand by utilizing sustainable and renewable solar energy with ZERO carbon emissions.

by Kevon Browne Basseterre, St. Kitts and Nevis (WINN): The 2024 Atlantic Hurricane Season is progressing with predictions of increased activity and prolonged heat until October, impacting the Federation's power supply. Rising temperatures have led to a surge in the use of cooling devices, creating higher electricity demand. The Prime Minister of St. Kitts and [...]

6 ???· by Eulana Weekes St. Kitts and Nevis (WINN): The Nevis Electricity Company (NEVLEC) will develop a grid code to ensure the safety, solidity, and efficiency of the ...

Skelec Solar Power PV Battery Plant Energy . Share Article . St. Kitts was once known as the Gibraltar of the West Indies for its domination of 18th- century colonial battles. How the island rose to become the world's leader in sugarcane cultivation, an inspiration for the industrial revolution in the process. ... Government of St. Kitts and ...

The St. Kitts and Nevis government has commissioned a six-megawatt (MW) rental power plant to stabilize the national grid temporarily while the sole electricity provider undertakes essential infrastructure upgrades.

2. National Energy Policy Rationale The Government of St. Kitts and Nevis recognizes that: 1. Energy is fundamental to the nation's economic development goals as diversifying the economy, eradicating poverty, and securing a competitive and resilient economy that brings about the sustainable or "green" development of the Federation. 2.
