Who is bbox solar?

The company's offering currently centers on small home solar panel systems. London-based off-grid solar company Bboxx has secured another \$50 million for its African and Asian operations after a series D funding round led by Japanese conglomerate Mitsubishi.

Why should you choose bbox EDF solar home system?

With our Bboxx EDF Solar Home System, we now have access to reliable light and the feeling of being in the city. We first started as Bboxx EDF customers using a Solar Home System in Togo and this has helped us a lot in our daily lives. Bboxx has provided light to my home. My family feels safe, and the children are happy now.

Where does bbox install solar panels?

Bboxx supplies solar home systems in 12 countries across sub-Saharan Africa and in Pakistan and a spokesperson for the Instinctif PR firm said an announcement about moves into new markets would be made "in due course". Bboxx installs a solar panel which can power up to five lights, a television, radio, torch or a 12 V battery.

How does bbox's solar home system work?

The Instinctif spokesperson told pv magazine "Bboxx's solar home systems are remotely monitored and the collection of data allows for proactive troubleshooting. An example of how this works in practice is that a technician can be scheduled to fix a depleted battery before it even becomes an issue for the customer.
