

Benin agile power group

Who is agile power group?

Today, Agile Power Group leads various Distribution, Power, Water and EV across the world through their world leading JV partners, whilst advising our clients on their energy transition to a clean, sustainable future. The best time to plant a tree was 20 years ago.

Why did IAME support Benin's growth strategy for poverty reduction?

IAME supported Benin's Growth Strategy for Poverty Reduction (2007-2009), which indicated reliable power supply--especially covering rural areas and northern regions of the country--as a key focus area. The project aimed to improve lighting and appliance efficiency in urban areas for households that already had access to electricity.

How did the Sociéte Beninoise d'Énergie Électrique project benefit people?

The project benefitted thousands of people, including those living in localities where the Sociéte Beninoise d'Énergie Électrique networks have been strengthened and rehabilitated. Sociéte Beninoise d'Énergie Électrique subscribers also benefitted from prepayment meters and low-cost compact fluorescent light bulbs.
