

High-solar efficiency: PowerSolar is equipped with enormous efficiency of 21.5 - 23.5% thanks to its monocrystalline solar cells. Huge capacity: equipped with 12 W power - more than enough juice to charge your smartphones, tablets and other devices in an instant.

Portable solar panels are small sized solar panels that are easy to install and that can be carried anywhere. Just like a typical solar panel, they convert sunlight into electricity or heat. They contain an assembly of photovoltaic cells.

AFERIY 200W foldable portable solar panel uses the most advanced monocrystalline cells and converts sunlight directly into electricity. It is renewable energy, green, pollution-free, and low-cost. The conversion efficiency can reach up to 23%.
