

What are BMZ batteries used for?

BMZ's high-tech battery systems are used in various sectors, including e-mobility, medical, industrial, energy storage, and power tools. The company has 9 international service points that ensure the long-term availability of original parts. POWER2GO.

Where is BMZ USA located?

BMZ USA is located in Virginia Beach, VA. We offer end-to-end engineering and manufacturing of custom battery and energy storage systems. BMZ USA is a division of BMZ Group, a global leader in Lithium-Ion battery innovation since 1994 headquartered in Karlstein, Germany. Would you like to meet us at a trade show?

How is BMZ implementing new electricity concepts?

New electricity concepts are also being further developed by the BMZ Group. The electricity flat rate on the establishment and use of a communal cloud is already being implemented and can be implemented through many years of experience and technological partners.

Why should you choose BMZ?

With over 30 years of experience, BMZ offers a one-stop-shop solution covering all components from battery design to after-sales service. The company is committed to environmental sustainability, producing energy solutions that reduce CO2 emissions and depend less on non-renewable resources.

What is BMZ Power2Go?

BMZ offers two ultra compact models that are water- and dust-proof, can output up to 2400W in a single load, with surge capability up to 3600W. Featuring German engineering and backed by BMZ USA, Inc. in Virginia Beach, VA, POWER2GO is powerful, reliable, safe, and at only 28 kg is lightweight and easy to handle.

Infratec general manager Nick Bibby said that the storage system is "the first of its scale to be built in New Zealand". As reported by Energy-Storage.news, the two companies completed their assessment of the project in late 2021, selecting a site in Huntly, a town in the Waikato District. They then announced the appointment of key contractors in March of last ...

The POWER2RAXX energy storage system offers ideal solutions for a wooden house in the country or a chalet in the mountains. It provides reliable off-grid power and saves electricity costs by optimising the use of solar energy.

Für Händler und Installateure, die Ersatzteile, Reklamationen oder Servicedienstleistungen im Bereich Energie Storage benötigen, bieten wir einen schnellen und einfachen Service an. Füllen

Sie dazu einfach das Serviceantragsformular aus (rote Felder sind Pflichtangaben) und senden Sie es per E-Mail an unsere Ticket-Adresse: cs.bigpack@bmz-group .

Tauchen Sie ein in die innovative Welt von BMZ POWER2GO - unsere Antwort auf mobile Energieversorgung. Unsere kompakten, leistungsstarken Lösungen bieten Ihnen die Freiheit, Ihre Geräte unterwegs aufzuladen und stets verbunden zu bleiben.

You can regularly attend the trainings at BMZ Group and receive technical as well as practical know-how on BMZ Energy Storage Systems. We support our specialist partners in particular in marketing, sales, further training and offer a forum for the exchange of experience.

We offer end-to-end engineering and manufacturing of custom battery and energy storage systems. BMZ USA is a division of BMZ Group, a global leader in Lithium-Ion battery innovation since 1994 headquartered in Karlstein, ...

The modular energy storage system ESS 7.0 / 9.0 / X is a new modular lithium-ion energy storage which stores the generated surplus energy into battery modules for a later use. The inverter can then feed this power into the network ...

Energy Storage (ESS) Produkte Klicken Sie auf eine Kategorie um die Artikel-Listenansicht aufzurufen. Das HYPERION LONG LIFE Bundle 12,6 kWh Kapazität ... In unseren BMZ ESS-Kategorien finden Sie hochmoderne Energiespeichersysteme „Made in Germany“, kompakte Batterieabsicherungen, das BMZ Kommunikations-Kit und Zubehör inklusive aller ...

In our BMZ ESS categories you will find state-of-the-art energy storage systems "Made in Germany", compact battery fuses, the BMZ communication kit and accessories including all associated technical data and recommendations of suitable components for Green Energy and your solar system.

With the low-cost energy storage system ESS Z, solar power users become less dependent on electricity prices and use their self-produced green electricity when they need it. Best BMZ quality with fast shipping and Europe-wide service.

3. Why isn't the entire nominal capacity of the energy storage of BMZ ESS 7.0/9.0/X usable for the operator? Answer: BMZ has installed capacity reserves to protect the battery from overvoltage and undervoltage and to ensure the long life of the battery system. This is a quality feature of the BMZ energy storage devices. 4.

The Hyperion Long Life has been specifically designed to meet the demanding requirements of industrial applications. With its exceptional lifetime, high capacity and maximum efficiency, this energy storage system offers unparalleled performance for your business needs.. The Hyperion Long Life is characterized by its longevity and reliability, making it the ideal choice for ...

ESS 9.0/X is a new modular lithium-ion based energy storage system, which stores the surplus of the collected solar energy for later use. Energy can either be directed into the storage system or be fed into the public grid via an inverter.

FAQ"s BMZ Energy Storage 1. Which inverters are the BMZ ESS 7.0/9.0/X energy storage systems compatible with? Answer: ESS 7.0/9.0/X are compatible with the following inverters: - SMA Solar: Sunny Island 3.0M/4.4M/6.0H/8.0H - Victron Energy: Multiplus, Multigrid, Quattro, Easysolar (48V)
