

Canada lms battery

What is a powersafe LMS battery?

The result is greater cranking ability and a high reserve capacity for auxiliary equipment. PowerSafe LMS batteries feature copper inserted intercell connectors and terminals that reduce electrical resistance and provide greater sustained starting power. The advanced element design provides 10% more cranking power at lower temperatures.

Is battery Canada a real Canadian company?

A real Canadian Company for over 25 years. A real Canadian source for reliable laptop batteries that come with a full 1-2 year warranty. Battery Canada collects only the information required to process your order which is kept completely confidential and is not sold or distributed to anyone.
