PECRON was founded in 2012 with the Belief of "Renewable Is The Future" and the Vision of "Building Up A World That Runs On Green Energy". We captured market opportunities with a series of marketable outdoor power stations, and started to build our brand image and focused on developing high-quality, efficient and environmental friendly solutions for customers to access ...

I have PECRON's E2000LFP and E600LFP, which have been giving my off-grid cabin steady power support since 2022! I've compared many power supply companies, and although PECRON is not as well known, the price/performance ratio is definitely the highest, at least for what I've used and compared so far. Date of experience: January 25, 2023
