

What is happening in Gabon's upstream resurgence?

Recent Discoveries and Production Increases A recent milestone in Gabon's upstream resurgence is the offshore discovery made by BW Energy and Panoro Energy at the DHBSM-2P pilot well on the south extension of the Hibiscus South field.

How is Gabon approaching energy planning?

To achieve climate agreements, and meet its growing energy demands, Gabon is approaching energy planning through a different process. News & Commentary Features/Analysis News Industry Sectors Generation Transmission and Distribution Metering Finance and Policy Climate Change Renewable energy Bio-energy Geothermal Hydropower Solar Wind

What challenges does Gabon face?

As a would-be emerging nation looking at diversifying and sustainably growing its economy, Gabon faces the challenge of simultaneously meeting increasing energy demand to improve socioeconomic conditions and protecting biodiversity and resilient ecosystem services into the future.

Will expanded oil reserves boost Gabon's energy resurgence?

Expanded oil reserves will not only enhance Gabon's significance on the global energy stage, but also contribute towards achieving energy security and new revenues for the country. Gabon's oil and gas resurgence is being driven by a recent offshore discovery, production increases from existing assets and an ambitious Gas Master Plan.

What is Gabon's gas master plan?

Gas Master Plan: A Strategic Shift Gabon's Gas Master Plan represents a pivotal shift towards natural gas as a cornerstone of the country's economic diversification. Historically dominated by oil, Gabon's economy is set to embrace natural gas as a key pillar of energy security and industrialization.

How will Gabon's offshore discoveries & production start-ups boost investor confidence?

Beyond immediate production gains, Gabon's recent offshore discoveries and production start-ups are set to invigorate investor confidence, attract substantial capital inflows and cultivate an environment conducive to sustained growth.

By Cameron Murray, reporter, Energy-Storage.news. No Inflation Reduction Act-style intervention wanted by European developers. European battery storage developers Energy-Storage.news spoke to at the event said they did not expect or want the same level of government intervention from the EU as seen in the US' Inflation Reduction Act.

The company focuses on stationary Energy Storage across all applications from Residential, Self -

Consumption and Microgrid through to large scale stationary storage. We are Europe's first conference dedicated solely to energy storage since 2010. All of our Forum's culminate with the unique Building the Action Plan feature.

Houston-based Vaalco Energy's Vaalco Gabon affiliate signed a binding letter of intent (LoI) on 25 August with World Carrier Offshore Services Corporation to provide and operate a floating storage and offloading (FSO) unit at the Etame Marin field. The arrangement was approved by Vaalco's partners on 31 August. It is for an initial eight years, with an option to ...

The Gabon Energy Transition Summit is the country's official hybrid gas & energy event, organised by IN-VR. The summit will take place in Libreville, Gabon, fully endorsed by: The Presidency's Gas Task Force.
