

Greenland givenergy battery price

Is givenergy a good battery?

Please check with Givenergy for details. The third generation of the GivEnergy 5.12kWh battery is more efficient than ever before. As well as its new smaller size and lower weight, the Giv-Bat 5.12 comes with higher capacity plus 100% depth of discharge. The product also boasts maximum versatility.

How long does givenergy battery warranty last?

GivEnergy's market-leading battery warranty lasts 12 years with unlimited throughput. Note: All Generation 3 battery cables need to be purchased separately. The third generation of the GivEnergy 5.12kWh battery is more efficient than ever before while also reducing its size & weight.

Does givenergy offer a discount?

As such, the installer should pass on the discount to their customer. GivEnergy reserves the right to amend these terms at any time. Cut your energy bills this winter with our half-price inverter offer. Buy a selected battery, and get a 50% discount on its inverter.

Does givenergy sell a half-price inverter?

With every purchase of a low-voltage GivEnergy battery, we'll sell the inverter at half price. Your half-price inverter will come when you buy it with one of our low-voltage residential batteries. So, that gives you a choice over a great selection of differently sized products to suit your home.

When should I charge and discharge my givenergy system?

Charge your system when energy is cheap and green, then discharge when energy is costly and dirty. You must be an approved GivEnergy installer to install GivEnergy products. You will not be able to commission this system without having attended GivEnergy Installer training. Please check with Givenergy for details.

Does the GIV-gateway work with other batteries?

Please note: The Giv-Gateway currently only works with our All in One product, and can't be paired with other GivEnergy batteries. The All in One works as a standalone product without the Giv-Gateway, but not vice versa.
