BEH Group forms the backbone of the energy system of the Republic of Bulgaria generating circa 55% of the electricity in the country through a mix of nuclear, lignite and hydro power and securing the supply of natural gas and coal. BEH Group is committed to operational efficiency and providing sustainable energy in Bulgaria and the region. view all

HBA Future Energy was founded in January 2015 by a group of highly experienced and well recognized industry leaders, led by Industry Veteran Hassan Basma. The team has a long and successful service record in offshore and floating production sectors worldwide.

HBA has entered into an agreement to develop and operate a 430MW Renewable Hybrid Energy Project for the production of 100,000 TPA Green Ammonia in Sri Lanka for long term offtake to the Japanese, expected to COD in 2025/2026.

HBA provides focused and complementary multi-disciplinary services to the Offshore Oil and gas, as well as Renewable energy sectors worldwide. HBA has rapidly established itself as a pioneer in energy transition by adapting its established offshore knowledge, expertise, and technologies to the offshore Renewable industry.

Bulgarian Energy Holding EAD (BEH EAD) is a state-owned energy holding company in Bulgaria. It was incorporated on 18 September 2008 after renaming Bulgargaz Holding EAD. [1] In November 2009, the Bulgarian Government decided to list the company on the Bulgarian Stock Exchange - Sofia. [2]
