What are the best solar panel brands?

Find out what owners think of JA Solar, Jinko Solar, Longi, Solaredge and Trina Solar solar pv panels to find the best solar panel brand for you.

Who makes the highest-power residential solar panels?

As the maker of the highest-power residential solar panels among reviewed manufacturers, Canadian Solar is more than just another panel maker. One of the company's many solar panel models can generate up to 705 watts of power. That same panel, the TOPBiHiKu7, also features a high-efficiency rating of 22.7% with a low Pmax rating of just -0.29%.

What are the top solar panel brands in 2024?

February 13, 2024 - Today, SolarReviews released its annual solar panel brand ranking list, and Qcells has been crowned the top solar panel brand for the second year in a row! Details around the ranking list can be found here, but here is a quick snapshot of the top 2024 solar panel brands:

How do I choose a solar panel brand?

It's unusual to choose a specific solar panel brand at the outset. Instead you're likely to encounter different brand options as you get quotes from different installers. Typically, your chosen installer will buy the panels to fit on your home. Some only install solar panels from one brand, while others may install panels from a few brands.

What are the best solar panels in the UK?

According to our findings, the brands with the best solar panels include REC Group, Sunpower, and AIKO. What is considered the "best" solar panel in the UK will vary depending on who you ask, and what metrics you value. Some homeowners may prefer a low-cost solar panel over one that's highly efficient, for example.
