Honeywell made the announcement that it will hand over its first batch of battery energy storage systems (BESS) to VIElectron, a CB Loranger Company. These BESS will be distributed to six solar parks that are ...

Effective Nov. 8, the Virgin Islands Energy Office overhauled the Virgin Islands Energy Storage (VIBES) program, opening up the application specifications to allow for larger battery systems to participate. VIBES is all about keeping the lights on, even when a storm or other event causes electrical service in the territory to be disrupted.

ON SITE SERVICE VS. SHOP REPAIR: Depending on the situation, we either dispatch a service technician to make the necessary on site repairs, or a delivery truck to pick up your ailing battery or charger and install a rental for you to use while we evaluate yours. A full test report and written repair proposal will follow, with all repairs guaranteed for one year.

Honeywell Process Solutions announced it will provide Massachusetts-based renewable energy developer VIElectron with its first installment of battery energy storage systems (BESS) to accommodate six ...
