What is the Eveready Energy Vault?

The Eveready Energy Vault is a modular battery system, starting at 5.1 kWh of storage, expandable to a whopping 20.4 kWh. How can I manage my battery and energy usage? The use of an energy management system can help you monitor when you're using power from your solar PV system, from the battery and from the grid.

Is it time to install solar panels in the Manx?

Even on a bright Manx winters day a panel can generate a considerable amount of electricity (perhaps 30% of capacity). There is something very satisfying about receiving an energy bill from Manx Utilities which is not only zero, they might pay you because of excess energy sold to the grid. There has never been a better time to install solar.

Can I expand the Eveready Energy Vault?

The ability to expand the Eveready Energy Vault from 5.1 kWh to 20.4 kWh gives you the option to grow your storage needs to suit your home's usage. On some occasions accessories may be needed to be connected to ensure compatibility of the solar PV and battery systems, however no modifications are required to the current system.
