

JA Solar 545w photovoltaic panel parameters

What is a 545 W JA Solar panel?

This 545 W JA Solar solar panel also comes with a generous 12-year product warranty. JA-JAM72-D30-545MB design makes it ideal for residential and commercial rooftops. Strong 1.38" frame made from anodized aluminum increases durability and strength. The model can support a heavy snow load up to 5400 Pa.

What is JA Solar 545w mono?

JA Solar is a Chinese solar panel manufacturer that produces photovoltaic (PV) modules for residential, commercial, and utility-scale solar projects. The JA Solar 545W Mono is a high-powered solar panel that utilizes monocrystalline silicon technology to deliver efficient energy production.

How much power does a JA Solar panel provide?

This JA Solar panel provides 545 W power at 21.1% efficiency. High energy production levels are achieved through the usage of the latest advances in the solar industry, including PERC technology and state-of-the-art antireflective coating. An efficient panel yields more per square foot and pays for itself faster.

What is included in the JA Solar Module installation manual?

Thank you for choosing JA SOLAR Modules! This Installation Manual contains essential information for electrical and mechanical installation that you should know before handling, installing JA Solar Modules. This Manual also contains safety information you need to be familiar with.

What is JA Solar jam72s30?

JAM72S30 is the latest in JA Solar's 72 Cell range. This module with its 11 Bus-bar half-cell configuration can reach up to an incredible power of 545 Wp. This module offers better temperature-dependant performance and enhanced tolerance for mechanical loading.

Do JA Solar modules need a dc cathode?

For optimal performance, JA Solar Modules should only be used in configurations where the DC cathode of the Modules array is connected to ground. Failure to comply with this requirement will reduce the performance of the system and invalidate JA Solar's Limited Power Warranty for Modules.

Product Description This JA Solar 545W Mono PERC Half-Cell MBB Solar Panel Module is the latest in JA Solar's Cell range. This module with its 11 Bus-bar half-cell configuration can reach ...

Description. JA Solar panel, a leading manufacturer of high-performance photovoltaic products, offers the JAM72S30-545/MR solar panel as a breakthrough solution for harnessing clean and renewable energy. With its ...

JA Solar 545w photovoltaic panel parameters

545W Jinko Solar Panel . The 545W Jinko Solar Panel is a high-performance photovoltaic (PV) panel designed for residential and commercial use. This panel is part of Jinko's line of advanced solar panels and is known for its efficiency, ...

Ja Solar JAM72S30-545/MR - 545W Mono is a high-powered solar panel that utilizes monocrystalline silicon ...

JA Solar is a Chinese solar panel manufacturer that produces photovoltaic (PV) modules for residential, commercial, and utility-scale solar projects. The JA Solar 545W Mono is a high-powered solar panel that utilizes monocrystalline silicon ...

With a module production capacity of 40GW from 12 global manufacturing plants, JA Solar is ranked among the top three tiers 1 PV manufacturer for several consecutive years with a ...
