What does SHV Energy do?

This support included donating cooking and heating equipment, personal protective equipment and home-schooling equipment such as laptops. Globally, SHV Energy aims to position itself within the changing energy market as a supplier of low-carbon and renewable energy options for applications beyond the utility grids.

What is Laos energy security?

Laos Energy Security (LES) is a part of the U.S. Government's initiative: "Enhancing Development and Growth through Energy" (CLEAN EDGE Asia). CLEAN EDGE Asia supports expanded access to energy, promotes energy diversification and trade and integration of clean energy markets, and strengthens energy security throughout the Indo-Pacific region.

How much energy does Lao produce a year?

Source: The Lao People's Democratic Republic, Department of Energy Policy and Planning (2019), Lao PDR Energy Outlook Result (Lao PDR\_Template\_BAU\_APS\_LCET August 2022). (80.98 TWh), followed by solar and wind (32.26 TWh), coal (15.95 TWh), and biomass (1.38 TWh).

What type of electricity is used in Laos?

Renewable electricity here is the sum of hydropower, wind, solar, geothermal, modern biomass and wave and tidal power. Traditional biomass - the burning of charcoal, crop waste, and other organic matter - is not included. This can be an important source in lower-income settings. Laos: How much of the country's electricity comes from nuclear power?

What are SHV Energy's specialties?

Liquefied Natural Gas (LNG) is another of SHV Energy's specialties. LNG is a colourless, odourless, liquid fuel. Switching to LNG offers a more sustainable solution to oil-based products for industrial applications and transportation.

What are SHV Energy's Core Values?

The company's values, principles, standards and norms (often described in a Code of Conduct/Code of Ethics). General principles of governance and business values are accountability, transparency, integrity and compliance. We trust that our external and internal stakeholders can rely on a relationship with SHV Energy based on integrity.
