# Marshall Islands benivo power solutions

cost effectively than any alternative.

The World Bank will pump \$60 million into the Marshalls Energy Company for a mix of alternative energy systems for Majuro, Ebeye and six outer islands where MEC supports power operations. There is no funding in the new grant for new diesel-powered generators.

By following some vendor management best practices and leveraging the right solutions, you can streamline processes and deliver an exceptional experience for your employees on assignment. Based on insights from over 150 global mobility leaders in the Benivo Changemakers community, here are some key focuses for mastering vendor management:

The renewable energy scheme will involve the installation of solar panels, battery storage capacity and grid management options in Majuro, the islands' capital city. According to the statement, the World Bank will also deliver technical assistance to the country in order to identify further options for renewables development in Ebeye and the ...

Continue to supply fuel to power generation facilities across the country. Transform diesel-based power systems into sustainable renewable energy generation sources. Improve energy security and disaster reduction for the general population. Train MEC customers on distribution code and connection requirements.

Harnessing the power of nature's elements, MEC will offer a wide range of renewable energy solutions to meet your electricity needs while minimizing environmental impact and significantly contributing to mitigating climate change.

Matthew Chic, Benivo, demonstrated how AI could enhance the entire mobility management experience. An AI assistant integrated into Benivo's platform can guide mobility managers step-by-step through processes like initiating employees, running cost estimates, and understanding immigration rules.

Today, Benivo and Vialto Partners announced the release of Smart Cost Estimates - A new, fully integrated tool on the Benivo platform that merges Vialto's market-leading global tax content and expertise with Benivo technology, AI and analytics.
