

Mobile solar container price Burundi

How many PV modules are in a solar container?

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ecologically-friendly aluminium rail system guarantees a mobile solution with rapid availability. at full power.

Where can a mobile solar container be shipped?

You can easily ship it to any location in the world. In order to improve container mobility, we recommend additional container lifting jacks. Mobile Solar Containers open up new possibilities in areas with limited access to electricity. Easy transport combined with ease of use makes it a perfect solution to satisfy energy needs in remote areas.

What is a self-unloading mobile solar container?

Self-unloading mobile Solar Container. Our Solar Containers are designed in a way to maximize ease of operation. It's not only meant to transport PVs but also to unfold them on site. It is based on a 20' sea container. The efficient hydraulic system helps quickly prepare the Solar to work.

What is Sunbox 35A - mobile solar container?

SunBOX 35A - mobile solar container. This container is created to achieve the highest level of efficiency. Thanks to its solar tracking system, it always keeps the PV panels properly oriented. This solution lets you avoid any significant power drops during the day thus get the most out of your panels.

What makes a mobile solar container a 'off-grid' solution?

With self-sufficient 'Off-Grid' solutions the optional SIM card gives you complete control - independence, mobility and flexibility. The mobile solar container contains 200 PV modules with a maximum nominal power rating of 134kWp, and can be extended with suitable energy storage systems.

What is a mobile solar container?

Mobile Solar Container is also a great storage option for PV panels while not in use. Automatic hydraulic systems. It wouldn't be possible to create such a convenient system without the highest quality hydraulics. The entire system is designed by our engineers with long-standing experience in special mobile constructions.
