Does NEC provide solar energy in Namibia?

NEC has been promoting solar energy in Namibia since the early 1970s and offers solar system solutions for both domestic and commercial applications, including solar water heater systems and solar PV systems to generate electricity. Solar energy is a free energy source and will never disappear.

Why should you choose Solahart solar energy in Namibia?

Solahart is a trusted brand with over 65 years of experience as Australia's energy experts and has installed more than one million solar panel systems around the world. They offer quality, efficiency, and long-term reliability. If you need solar energy in Namibia, choose Solahart.

Which battery is best for a solar system in Namibia?

In Namibia, lithium-ion batteries are typically the best option for a solar panel system.

What are solar grid tied systems & off-grid systems in Namibia?

Solar Grid Tied Systems and Off-Grid Systems are two different types of solar energy systems in Namibia. In Grid Tied Systems, the solar energy generated by the solar panels is converted to AC power by the Grid Tied Inverter and fed into the AC Grid. Because of the technical conception of Grid Tied systems, the energy generated is consumed immediately.

Why do we offer innovative products & services in Namibia?

Innovative products and services are offered to provide a long-term reliable and sustainable solution in Namibia's harsh weather and geographical condition.
