

Nesma renewable energy Honduras

The European Commission approved on Friday the establishment of a solar power joint venture between Abu Dhabi-based renewable energy company Masdar, French utility group EDF and Saudi Arabia's diversified group Nesma. The joint venture will operate a solar project in Saudi Arabia.

Nesma is a privately owned company with a robust business portfolio across multiple sectors in Saudi Arabia and a presence in the UAE and Egypt. These sectors include construction; power and electrical; oil and gas; real estate and property management; hospitality and tourism; operation and maintenance; port, marine and shipping services; aviation and logistics; and ...

In Honduras, there is an important potential of untapped indigenous renewable energy resources. Due to the variability of high oil prices and declining renewable infrastructure costs, such resources could be developed at competitive prices. Currently hydropower, solar and biomass are used on a large scale for electricity generation.

The consortium led by Masdar and EDF Renewables, both global leaders in renewable energy, and Nesma Company, announced today it has reached financial close on a 300-megawatt (MW) utility-scale photovoltaic (PV) solar power plant in Jeddah and is starting construction. The consortium led by Masdar and EDF Renewables, both global leaders in ...

The project is part of the National Renewable Energy program, an important component of Vision 2030 aiming to have renewable energy make up 50% of the country's power mix, support a sustainable economy and reduce carbon dioxide emissions.

Faisal Alturki, Chairman of Nesma Group, said: "Nesma Renewable Energy (NRE), specializing in renewable energy, is an integral part of our commitment to proactively support the clean energy and sustainability goals of Saudi Arabia's Vision 2030 plan. We are therefore extremely proud of the role that NRE will play in delivering the Al ...

Tegucigalpa, Honduras, 14 November 2023 - With abundant renewable energy potential and ambitious target to achieve 80 per cent of renewables share in the power generation by 2038, Honduras is already on the right path to reduce its reliance on fossil fuels.
