5 ???&#0183; In Hungary, ABO Energy is currently building three more projects. Two of them are located near the town of Szolnok and will be connected to the grid this winter. The facilities have a combined capacity of 14 MW. Additionally, a 12-MW solar project near the town of Karcag should be hooked to the grid in February 2025.

Introducing the Dual PV 7000+ Pro from Primax Solar Energy! ? Step up your energy efficiency with this state-of-the-art solar inverter, designed for optimal performance and maximum reliability. ?? Ideal for both residential and commercial use, it offers seamless integration, intelligent energy management, and superior power output.

3 ???&#0183; ABO Energy recently inaugurated a 20 megawatts solar farm in Hungary, after having connected it to the grid. The project near the city of Szarvas in the Southeast of the country is the biggest project ABO Energy has developed and constructed in Hungary to date. The sale is planned for the first half year of 2025.
