Will St Helena have 100% renewable electricity by 2027?

The Government of St Helena announces it has chosen a supplier, PASH Global, to provide a Renewable Energy solution for St Helena, aiming for 100% renewable electricity by 2027. It is announced that Connect Saint Helena and PASH Global have signed an agreement to potentially meet 100% of the island's energy needs from renewable sources.

What is Saint Helena known for?

Saint Helena is the United Kingdom's second-oldest overseas territory after Bermuda. Until the opening of its airport in 2017, the primary method of reaching Saint Helena was a 6-day journey by sea on the RMS St Helena. Saint Helena is known for being the site of Napoleon's second exile, following his final defeat in 1815.

Does St Helena have double-glazing?

You can see the 2017 figures (right). St Helena households and businesses have also adopted a wide range of energy saving measures, driven perhaps by the very high cost of electricity on the island (in 2014 it was up to £0.42p per kWh, depending on consumption). Double-glazing is, however, uncommon on St Helena - it is rarely cold.

Does Saint Helena have a coinage?

The government of Saint Helena produces its own coinage, banknotes since 1976 and circulating coins since 1984. Whereas circulating coins are struck with "Saint Helena or Ascension", the banknotes only say "Government of St. Helena". There are also commemorative coins struck for Saint Helena only.

Does St Helena connect to subsea cable?
