

Across Europe, InnoEnergy's Innovation Projects help researchers turn their ideas into valuable commercial products. Here are just three examples. Transforming a great idea into a viable solution requires a range of skills and resources. Innovation Projects from InnoEnergy is all about bringing together partners to create

EIT InnoEnergy is the continuation of the EIT-KIC partnership of the same name currently implemented through the EIT. It was established in 2010, for a maximum duration of 15 years, following a call for proposal in 2009. Expected type and composition of partners - EIT InnoEnergy already manages a formal partnership of more than 430
