

# Sistema de paneles solares off grid New Zealand

Our off-grid solar energy systems combine the latest technologies in high output solar panels, generator sets, smart inverters and battery storage. We use only the most reliable products from domestic and internationally renowned brands such as Trina Solar, DAS, ...

SolarKing are proud to introduce PowerStation's new Ultra Off Grid System, a truly expandable system built right here in New Zealand. For large homes, this is a purpose built off grid solution, that can grow as you grow. Talk to SolarKing today on 0508 765 276 or contact us to discuss your Off Grid Solar needs.

Our new ULTRA off grid solar systems using the latest technology are made in New Zealand and priced from \$15,995 inc GST. The base system sizes below are a guideline only. Additional panels and battery modules can be added to each base system depending on your daily loads and the sunshine hours for your region.

Solar array and battery bank expandability now has been a huge advancement and changed the fortunes of many clients living with off grid solar. We can now very easily and cost-effectively add more panels and more battery modules as your needs grow.
