

Solar packages with payment plan Cameroon

Does Cameroon have a mobile payment system?

Despite low levels of energy access, more than 70% of homes in Cameroon have mobile phones, making the payment system broadly accessible. upOwa has set its sights on rapid growth, using the experience of its in-house technical teams and reputation for reliability and customer service to build capacity and scale up activities.

How many people in Cameroon are connected to clean electricity?

PAYG solar home systems project to connect one million people in Cameroon to clean electricity for the first time, with nearly 140,000 already connected. Approximately one million people in Cameroon are expected to gain access to clean electricity for the first time through this ambitious pay-as-you-go (PAYG) solar home systems (SHS) initiative.

What is a PAYG solar home system?

PAYG stands for Pay-As-You-Go, which means our clients can pay for a solar home system in regular, flexible installments all the while using their product. Monthly payments are equivalent to the monthly cost of kerosene lamps. Our solar home systems have a minimum warranty of 18 months, and their light will shine many years after this period ends.
