

Where is the solar power plant located in Benin?

The government of Benin is inaugurating the Illoulofin photovoltaic solar power plant. The facility, located in the commune of Pobè, Plateau department, has a capacity of 25 MWp. Benin is inaugurating its first large-scale solar photovoltaic power plant. The installation, located in the locality of Illoulofin, was recently commissioned.

Where is Benin's new power plant located?

The installation, located in the locality of Illoulofin, was recently commissioned. The reception ceremony presided over by Benin's Minister of Energy Dona Jean-Claude Houssou took place on Tuesday 19 July 2022. It was attended by officials from the French Embassy in Benin, and the Electricity Regulatory Authority (ARE).

Who are the actors in the solar industry in Benin?

The Interprofessional Association for Renewable Energy Specialists (AISER - Bénin) is one of the main actors in the private sector for solar products and installations in Benin. It is an association for promotion and advocacy of renewable energy in Benin.

Who is responsible for generating electricity in Benin?

Société Beninoise d'Énergie Électrique (SBEE) is responsible for generating around 13% of electricity in Benin through diesel generators. ABERME (Agence Beninoise d'Électrification Rurale et de Maîtrise d'Énergie), on the other hand, is responsible for rural energy supply.

Will Defissol help Benin reduce its energy bill?

Onigbolo power plant construction project, known as Defissol, is co-funded by the European Union (EU), French Development Agency (AFD) and the SBEE. It should allow Benin to reduce its energy bill, while enhancing the value of renewable energies.

The government of Benin has announced the start of construction on its 25 MW Forsun PV power plant. It said in a statement that the new plant at the Illoulofin Solar Power Station will expand the site's total capacity from 50 MW to 75 MW across three arrays.

Current Solar Projects in Benin: Illoulofin Photovoltaic Solar Power Plant (25 MWp): Location: Illoulofin, Pobè, Plateau department. Capacity: 25 MWp. Details: This is the first large-scale solar power plant in Benin, inaugurated on July 19, 2022. The plant, built by the French company RMT Eiffage, is equipped with 47,212 solar modules, 113 ...

Construction launched on 12 November at the 25MWp Forsun Solar PV plant in Pobè, Benin. The project is the result of cooperation between the French Development Agency (AFD), the European Union and
