[...] Buy Solar Garden Lights at Screwfix.com. Sunlight powered for simple set up. In-built batteries. Energy efficient LED technology. Delivery 7 days a week.

What are the different types of solar powered lighting products?

Our range of solar lighting products include smaller fairy lights and outdoor string lights, stake lights, lampposts and even novelty themed lights. So, if you 're looking for a subtle twinkle, or need to illuminate a pathway, then we will have the perfect solar powered lighting solution for you.

Where can I get solar indoor lights?

Get set for solar indoor lights at Argos. Same Day delivery 7 days a week, or fast store collection.

Are solar lights good for your garden?

Solar lights are environmentally friendly lighting and with a good set, you can create an ambience that lets you enjoy your garden long after dark. Powered by solar panels, they absorb daylight and convert it to electrical energy, charging your lights so they're ready to go at night.

How can solar energy be used in the garden?

Solar energy can be used in the garden to power simple mechanisms like the water pumps in solar water features or - in this case - light bulbs, to make solar lights. If you're updating your social space, find inspiration with our round ups of the best garden furniture, parasols, garden loungers, deck chairs, and hammocks.

Do solar lights need a power cable?

Because solar lights rely entirely on sunlight which is then converted into an electrical current, there's the added bonus of ultra-easy installation - and there's no need for power cables either! Our range of solar lighting products include smaller fairy lights and outdoor string lights, stake lights, lampposts and even novelty themed lights.
