

Enlight Renewable Energy's US subsidiary Cl?nera has signed a new power purchase agreement (PPA) with Arizona Public Service (APS) for its Snowflake A solar project. The 20-year busbar fixed price PPA encompasses the project's 600MW of solar generation capacity and 1.9GWh of energy storage availability.

A local subsidiary of German company HiedelbergCement's agreed to offtake electricity from the 65MWp park through a 10-year PPA. BayWa r.e. claims it is not only Poland's largest solar farm ...

Overall, European P25 solar PPA prices increased by 11.4% in the final three months of last year, growing to £68.64/MWh (EUR76.84/MWh). This represents a 60% year-on-year increase. The market in the UK was particularly boosted by the Contracts for Difference (CfD) auctions, which solar was able to play into in 2022 for the first since 2015.

How Does a Solar PPA Work? Let's break down the process of how a Solar PPA operates, from initial agreement to ongoing operation: Agreement: The process begins when a PPA provider and a property owner enter into an agreement. This agreement outlines all the terms of the arrangement, including the duration of the contract, the rate at which ...
