Switch to Solar with Ecosolarspain - From Just EUR2/Day! Get your free solar quote now! *Financing subject to approval. Terms and conditions apply.

Why should you choose solar power in Spain?

This means that Spain has more potential to generate solar power and save on electricity bills. We also take into account the number of sunny days in your particular city, as this affects the reliability and consistency of solar power.

Which latitude is best for solar panels in Spain?

Spain lies between 36° and 43° north latitude. This affects the efficiency of solar panels. The closer to the equator, the more solar energy there is. That's why we adjust the tilt and orientation of the panels to suit the location.

Who makes tamesol solar panels?

Tamesol, as a leading European manufacturer of solar panels, offers innovative solutions well-suited to Spain's unique energy landscape. Their products are not just energy solutions but also tools for businesses to engage in responsible environmental practices.
