

Soltech Energy Solutions supplies both roof-placed solar energy solutions, solar facades, and large ground-mounted solar parks. In 2022, Soltech Energy Solutions will install Sweden's largest integrated solar facade and the Nordic region's largest roof-mounted solar energy solution.

Nordic Solar har spridit energi sedan 2009! Det är var solcellsinstallatörer lika sällsynta som enheterna i Sverige. Men här är vi, 15 år senare, som riktiga veteraner i solenergibranschen - typ som fyror som stött stadigt genom både stormar och stiltje!

Hultsfred solar park is Nordic Solar's second largest solar park to date. The company plans to establish several large-scale solar parks in Sweden and has collectively projects of more than 600 MWp in its ...

Nordic Solar planerar att bygga solcellsparker med en total kapacitet på flera hundra MWp i Sverige baserat på det samarbetet med den svenska utvecklingspartnern ...

Hultsfred solar park is Nordic Solar's second largest solar park to date. The company plans to establish several large-scale solar parks in Sweden and has collectively projects of more than 600 MWp in its development portfolio.

Nordic Solar initiates the construction of the company's first solar park in Sweden. Located near Lindesberg in southern Sweden, the project has a capacity of 22 MWp, which corresponds to supplying electricity to approx. ...

Our integrated 2-in-1 solar roof system combines Swedish design with the most powerful solar solution. Perfect for new constructions, renovations, and commercial projects. Join thousands of satisfied customers who have switched to SunRoof for a more sustainable lifestyle.

Nordic Solar initiates the construction of the company's first solar park in Sweden. Located near Lindesberg in southern Sweden, the project has a capacity of 22 MWp, which corresponds to supplying electricity to approx. 7,000 European households.

The Danish solar energy company Nordic Solar has signed a partnership agreement with the leading Swedish PV developer Helios Nordic Energy AB to develop four solar parks in southern Sweden, with a combined capacity of 220 MWp.

Nordic Solar har spridit energi sedan 2009! Det är var solcellsinstallatörer lika sällsynta som enheterna i Sverige. Men här är vi, 15 år senare, som riktiga veteraner i ...
