

Gonvarri Solar Steel specializes in providing photovoltaic solar energy solutions within the renewable energy sector. The company offers solar trackers and fixed structures designed to support solar panels, as well as a comprehensive range of services from pre-execution to project execution and after-sales support.

Solar Steel, the solar division of Gonvarri Industries headquartered in Asturias, Spain, is pleased to announce its latest milestone: the company has reached a total of 20 gigawatts (GW) in projects worldwide. This achievement represents an outstanding track record in the supply of structures for the photovoltaic solar energy sector.

Gonvarri Solar Steel focuses on the research, design and supply of metal structures for the solar photovoltaic sector. Our great capacity in R& D, and our extensive experience supplying solar trackers and fixed structures to projects in the 5 continents, allows us to optimize costs from the design stage and collaborate closely with our ...

6 ???&#0183; Gonvarri MS R& D, our R& D centre located in Asturias (Spain), is working on the fatigue design of solar trackers to extend their operational life in the project "EXO-LISS - ...

6 ???&#0183; Gonvarri MS R& D, our R& D centre located in Asturias (Spain), is working on the fatigue design of solar trackers to extend their operational life in the project "EXO-LISS - Extending operational life of Solar Steel structures" in collaboration with the Dynamics, Materials and Structures Research Group (DyMaSt) of the University of Oviedo ...

Solar Steel by Gonvarri. Solar Steel supplies metallic structure for any CSP and PV technology, with capabilities of designing, manufacturing and operating final assembly lines on site. Always considering a close collaboration with customers.

Solar Steel, the solar division of Gonvarri Industries headquartered in Asturias, Spain, is pleased to announce its latest milestone: the company has reached a total of 20 gigawatts (GW) in projects worldwide. This ...

Gonvarri Solar Steel is headquartered in Spain and operates its Gonvarri in-house manufacturing facilities in Colombia, Turkey, the United States, Mexico, and China, where it also has operational centers. Spain. Solar Steel Asturias: Pol&#237;gono Industrial Cancienes 33470 Corvera, Asturias.

Gonvarri Solar Steel, a leading company in the design and supply of trackers and fixed structures for the photovoltaic solar sector, is proud to announce a new milestone in its business trajectory. The company has reached the milestone of 19 GW+ of projects in its track record, thus demonstrating its outstanding growth both nationally and ...

Gonvarri Solar Steel has a trackrecord of more than 13 GW and is part of Gonvarri Industries. Gonvarri is a leading company in steel service centers and the manufacturing of structures for renewable energy. Gonvarri Industries has more than 45 industrial plants worldwide, with over 6,000 employees and a revenue of more than 3,700 million euros ...

As part of Gonvarri Industries, we closely align with its vision of carbon neutrality through the Carbon Neutral project. This ambitious plan aims to make us a completely carbon-neutral company by 2050, adopting concrete actions to reduce our ...

En Gonvarri Solar Steel, creemos en generar un impacto positivo tanto en las personas con las que interactuamos como en el entorno en el que operamos. Ambiental 100% de las piezas de nuestras estructuras son reutilizables y susceptibles de ser recicladas.

Gonvarri Solar Steel, a leader in the design and manufacturing of solar trackers and fixed structures for the photovoltaic energy sector, has signed its first supply agreement with Repsol for 220 MW of TracSmarT+ 1V solar trackers. This supply agreement, with a capacity of 220 MW, will be allocated to three Repsol photovoltaic plants in Spain ...

Solar Steel, a division of Gonvarri Steel Services, has begun supplying its RackSmarT® fixed solar structure to the Nuñez de Balboa project, which will become the largest photovoltaic solar plant built to date in Europe. The project, located in the municipality of Usagre (Badajoz) and owned by the IBERDROLA group, will have a peak installed ...

Solar Steel by Gonvarri. Solar Steel supplies metallic structure for any CSP and PV technology, with capabilities of designing, manufacturing and operating final assembly lines on site. Always ...

Solar Steel, the solar business line of Gonvarri Industries, is a leading company in the design and supply of solar trackers and fixed structures for the solar PV industry. Innovation is at the core of our DNA, constantly evolving all processes to meet each customer's requirements.
