

The Sigenenergy solar battery comes as part of the SigenStor 5-in-one home energy storage system. This 5-in-1 system combines several key energy components: an inverter, battery pack, battery power conversion system (PCS), EV DC charger and energy management system (EMS).

Explore the Sigenenergy Sigenstor Battery 8.0 kWh with LED, designed for efficient renewable energy equipment installations. Renewable energy equipment solution with advanced features for performance and durability. Perfect for solar and EV installation projects, this product offers flexibility and convenience.

SigenStor is an AI-optimized 5-in-one energy storage system that brings your solar dream to reality, helping you achieve energy independence with maximum efficiency, savings, flexibility and resilience.

Test conditions: In the open-circuit state of the power grid, the

Energy Storage Excellence: The SigenStor BAT 8.0 provides robust energy storage, ensuring that you have power during outages or peak demand times, reducing your reliance on the grid. Smart Connectivity: The Sigen Gateway HomeMax SP and Sigen CommMod bring your system into the smart home era, enabling remote monitoring and management for ...
