

The rural photovoltaic panel scam revealed

Are solar panels a scam?

One of the first signs of a potential scam is unsolicited approaches or door-to-door sales. A reputable solar panel company does not typically use these tactics and instead is more likely to rely on referrals or marketing campaigns. As we mentioned before, another red flag is excessive discounts or too-good-to-be-true offers.

Are solar panels causing a rise in solar crime?

A rise in solar crime means eco-conscious homeowners and farmers who have diversified into renewables should check their security and insurance. The warning comes after police figures revealed a 48 per cent rise in solar panel and cabling theft from 2021 to 2022.

Are 'fake' solar companies a scam?

Beware of any company asking you to make a big deposit before they have completed their installation. This is one of the most common ways 'fake' solar companies have targeted consumers - whereby they take a hefty deposit and then never turn up to carry out the installation. This is common solar scam.

How common are cold call solar panels?

See our solar panel brand reviews. This was by far the most common cold call solar panel owners told us about - 44% have been approached about this. Technical faults with solar panels are rare. Nearly seven in 10 of those in our survey have not had a fault with their system. Some have owned theirs for more than a decade.

Are You at risk of a misleading solar panel scheme?

Thousands of households are at risk of falling victim to misleading solar panel schemes which are up by 50 per cent over the last year, data from Action Fraud reveals.

Are solar panels legit or mis-sold?

Connect panel members with solar panels. Some product offers can be legitimate and worthwhile - but sometimes they're being mis-sold. Think carefully about the claims made about any product you're being offered, and work out if it will benefit your system. A cold-caller on your doorstep or phone doesn't give you time to think things through.

More than half of solar panel owners in our survey have been approached by a cold caller. Some were trying to sell them something unnecessary or even claiming something likely untrue. The most common cold calls about solar ...
