

Turks and Caicos Islands kite power solutions

Who is Turks and Caicos kiteboarding?

For more details please read our Privacy Policy. Turks and Caicos Kiteboarding is the number one-rated kiteboarding school on the beautiful island of Providenciales in Turks and Caicos. Our approach is simple: We work with the best, most experienced and qualified instructors.

Where to kite in Turks & Caicos?

Long Bay Beach on Providenciales is one of the finest places in the region to learn kiteboarding due to its shallow turquoise waters and clean sandy bottom. Another great location is Middle Caicos, which offers perfect kiting conditions. The Turks and Caicos offers some unbelievably beautiful kite spots.

Who provides electricity in Turks and Caicos?

Together, both companies provide electric power in Turks and Caicos to over 15,000 customers and are regarded as one of the most reliable electricity providers in the Caribbean. FortisTCI offers customized energy audits to help customers achieve greater energy efficiency and savings.

What is a kite downwinder Safari from South Caicos to Providenciales?

A kite downwinder Safari from South Caicos to Providenciales is a challenging adventure. Providenciales is the center of kiteboarding in the Turks and Caicos Islands, and all kite tours and safaris are operated from this island. However, South Caicos also offers great areas to kite and discover.

Is Middle Caicos a good place to kite?

Middle Caicos offers perfect kiting conditions. The Turks and Caicos Islands are becoming increasingly recognized as one of the finest kiteboarding destinations in the tropical Atlantic and Caribbean. Middle Caicos is not a surprise considering the exquisite clear, shallow water and the forgiving sandy ocean floors of the country's top kite spots.

What is the wind condition in Turks and Caicos?

The wind condition in Turks and Caicos is characterized by the most predictable and consistent east-southeast trade winds. These winds are typically experienced on and off throughout the year, although they are a bit more pronounced and regular in the spring and winter months.
