

## Türkiye lenmar battery solutions

Lenmar DLC4L Lithium-Ion Battery: This battery replaces the Canon NB-4L battery used in their digital cameras. NoMEM Solution: Lenmar designs their batteries to have no memory effect so the battery can be charged at any level without capacity loss. Gold Contacts: The battery uses gold conduit contacts for ultimate performance.

Amazon : Synergy Digital Digital Camera Batteries, Compatible with Lenmar LIC522, DLC511, LIC-511, LIC535 Digital Camera Batteries (li-ion, 7.4V, 1500 mAh), Set of 2 : Electronics

We work together with the leading industrial players of both Turkey and our region to provide them with R&D support for battery technologies. We strive to support these producers by enabling them to have their customized battery pack and battery management solutions.
