of your system performance. Solar Made Easy by CSE

Caribbean Solar Company (CSC) will guide you through the entire process of installing solar energy in the Virgin Islands. Our staff will keep you informed on the progress of your system and is available to answer any questions you may ...

Utilities in the USVI can be pricey. Because of the islands' reliance on crude oil, utilities are generally pricier here than in the continental U.S. Our Water and Power Authority (WAPA) charges about 56 cents per kilowatt versus an average of 12 cents per kilowatt stateside. Installing solar energy can help reduce or eliminate your utility ...
