

TBB offers both lithium and lead carbon battery (battery management kits available) series for solar power solutions, catering to diverse needs. The lithium battery series includes low-voltage (48Vdc) and high-voltage options with capacities from 5.04kWh to 17.92kWh per unit, featuring 6000 cycles and 90% DoD for enhanced longevity.

TBB ES100 II is a 48V 105Ah lithium battery module, tailored for backup power systems, solar off-grid solutions, and residential energy storage applications. It offers excellent compatibility, high energy density, a modern design, and a long lifespan with enhanced safety.

There are three different ways for configuring an off-grid system, DC-Coupled PV, AC-Coupled PV, and a combination of both. Each has its unique advantages regarding system efficiency, battery life expectancy, and flexibility. (3kW-135kW)

ES100 LiFePo4 is the latest 48V 105Ah lithium battery module provided by TBB POWER, designed for backup power system, solar off-grid system, and residential, industrial & commercial energy storage systems, with good compatibility, high energy density, fashionable design and safe long cycling life.

TBB EnergyCube EX5 is a high-voltage battery storage system based on lithium iron phosphate battery. Multiple EX5 lithium batteries are connected in series to form an EnergyCube for larger capacity, to meet longer power-supporting ...

EnergyCube EX18 is TBB's advanced high-voltage battery storage system powered by cutting-edge lithium iron phosphate technology. Tailored to meet the escalating demands for prolonged power support, multiple EX18 lithium battery modules can be seamlessly connected in series to form an EnergyCube, offering increased capacity.

**Battery Accessories For Lithium Batteries.** TBB offers a range of battery accessories designed to enhance and support the performance of energy storage systems. These accessories include: - Mounting Bracket: Simple solutions for secure installation. - IP65-Rated Power Rack Cabinet: Provide robust protection in various environments.
