

Does Indonesia have a Bess market?

Nicke Widyawati, the General Director of PT Pertamina Persero, shares that Indonesia has a vast BESS market. She further identifies that two primary industries have great potential in utilizing lithium batteries. The first one is BESS and the second one is transportation.

Who are the PLN subsidiaries involved in Bess project?

The PLN subsidiaries involved in the BESS project are the main electricity provider PT Indonesia Power, plant operator PT Pembangkitan Jawa Bali and support unit Electricity Maintenance Center.

Where will PLN's Bess be located?

Although PLN hasn't specified where the BESS will be or its specific functions, it appears likely to be located at the site of both fossil-fuel and renewable power generating plants. PLN plans to convert 250MW of power currently sourced from diesel fired power plants to renewable energy this year, it said.

"Dalam konteks Asia, India telah berkomitmen pada Konsorsium BESS, menunjukkan tekad mereka untuk beralih ke energi bersih. Kami berharap Indonesia akan menjadi negara Asia berikutnya yang bergabung dengan Konsorsium BESS, sehingga mendukung agenda energi terbarukan pemerintah.
