

# What is the import tariff for energy storage boxes

What is a solar export tariff?

A solar export tariff is a great way to earn extra money for the excess electricity that your panels send to the grid- and Octopus Flux is especially good. This tariff allows you to buy grid electricity when it's cheap, and sell it back to the grid - or use it in your home - during peak periods.

How do I use the trade tariff tool?

How to use the Trade Tariff tool or get help to classify your goods, so you pay the right amount of Customs Duty and import VAT. Commodity codes are internationally recognised reference numbers. A code describes a specific product when importing or exporting goods.

Is octopus flux a good export tariff?

Octopus Flux is an excellent choice of export tariff, although it's not necessarily the best choice for everybody. Most households will benefit more from Intelligent Octopus Flux, which pays more for your exports, charges less for your imports, and takes care of the entire process for you.

What is the octopus flux tariff & Fox energy storage system?

This integration promotes a more sustainable and economical energy management solution, empowering homeowners to make the most of their solar energy production and battery storage capacity. Embrace the Octopus Flux Tariff and the Fox Energy Storage System to unlock a greener and more cost-effective energy future for your home. .

How do tariffs affect electricity prices?

Tariffs with cheaper overnight and daytime rates incentivise charging when electricity prices are lower. Real-time pricing allows charging when wholesale prices drop. Rates can even go negative. Decent export rates allow selling stored electricity back to the grid at peak times.

What if I rely on a commodity code from an overseas supplier?

If you rely on the commodity code from an overseas supplier, you'll need to check if the treatment is the same and how much of the code applies in the UK. How to use the Trade Tariff tool or get help to classify your goods, so you pay the right amount of Customs Duty and import VAT.
