

Yuma solar Guam

Solar energy offers a sustainable, renewable, and abundant power source for the island of Guam. Solar power is mainstream, and with a Federal Tax Credit of 30%, the time is now to invest in a solar system that will lower your power bills, increase the value of your home, and reduce greenhouse gas emissions.

Yuma Solar offers 12 months same-as-cash financing, as well as long-term low rate financing for qualified residential customers. Residential leasing is another option for qualified customers who cannot use federal and state tax credits.

Providing customers with the best solar technology sets Yuma Solar apart from other solar companies. Yuma Solar offers its customers the best panels, inverters and batteries available. REC is a top performer on the PV Module Reliability Scorecard, and has the lowest warranty claims rate in the industry.
